Welcome to the August edition of Local Choice, as we celebrate our 200th edition.

By now, the Summer holidays will be in full swing and, if travel abroad is still difficult, we hope you are having a well-deserved break in the UK.

If you have decided not to go away, then don't worry, as there are loads of local events in this issue for you to enjoy during the Summer, especially if you are already in a desperate state to find something for the kids to do during the 6 weeks holidays!

Kind regards, Mark Prada (Editor)

Cloudy2Clear, A Local Service With A Smile.

I think we can all agree that seeing the back of 2020 was a welcome event for each and every one of us, and we can now hopefully march into 2021 with renewed positivity and optimism. One thing is for sure though, there have also been some heart warming positives that we can take out of last year. It has often been said that we can only really get to know one another and realise what is truly important in times of crisis. I think few would argue that in this case what has proven to be important is local community spirit.

When talking to the Manager of Cloudy2Clear windows Roger Bonnick it became clear that these values have been held dear for a number of years. Since starting the business some years ago Cloudy2Clear have remained true to their core values of supporting the local community by providing a service that saves the public money.

The Cloudy2Clear service only requires the glass to be replaced and not the whole window once the unit has failed. Roger commented "Cloudy2Clear were able to assist our community through the last financial crisis in 2008 due to the savings that can be made in using our service. Unfortunately we might be going through something similar again soon and the public can rest assured that we will be there to help once again".

For a free quotation please call 0800 61 21 118 or visit www.cloudy2clear.com

figura SKIN CLINIC

A Transformational Experience

Here at FIGURA we have only one aim - that you feel welcomed and at ease!

Figura offers an extensive range of innovative, non-invasive treatments using gold-standard, state-of-the-art equipment. Our aim is to ensure that we are professional and honest providing our clients with trust and confidence in what we do.

We proudly work with Industry leaders who provide us with the very latest technologies and our aim is to provide our clients with access to a galaxy of treatments and a truly personalised transformational experience.

The amazing STELLAR M22 is the multi-application IPL / Laser Platform which is used by Physicians around the world, for the treatment of over 30 skin conditions including; Pigmentation, Thread Veins, Acne, Rosacea, Scars, Stretch Marks, Skin Rejuvenation, Tattoo Removal... to name just a few!

We also boast the 'LIGHTSHEER QUATTRO' – another amazing laser from Lumenis, one of the global leaders in energy and light based technologies. 'Lightsheer Quatto' has proven clinical results for quick and 'pain free' permanent hair reduction treatments.

With over 25 years experience in the Industry. I am committed to providing, the most advanced treatments with medical grade, state of the art technology.

yourfigura.co.uk

Whether you're looking to effectively treat a skin condition, remove vascular lesions, or reduce pigmentation, rejuvenate and 'turn back time' for more youthful looking healthier skin, for permanent hair reduction or tattoo removal - you can confidently count on the advice support and expertise at FIGURA.

It's here!

Radio Frequency Microneedling

High-Intensity Focused Ultrasound

FOCUS DUAL

Available at figura SKIN CLINIC

Unrivalled Results for Non-Surgical Skin Tightening & Face Lifting...

A unique combination of two of the latest, clinically proven technologies for non-surgical skin lifting, firming and tightening of the face and body - Radiofrequency Microneedling (RFM) and High Intensity Focused Ultrasound (HIFU).

RF Micro-needling is the most talked about treatment of 2021 after Judy Murray shared her before and after photos publicly.

Radio Frequency is renowned for its skin tightening capabilities and Micro-Needling has unbelievable results for improving texture and rejuvenating the skin. RF Micro-Needling works on a number of skin concerns including skin tightening, acne scarring, scarring on the body, open pores, loose skin, stretchmarks, frown lines, fine lines and wrinkles, skin texture, crows feet and drooping brows to name but a few!

HIFU visibly tightens all skin laxity in all areas of the body it is used and results are noticed within weeks of treatment. This brand new device that was only launched in the UK in 2021 really is the latest non-surgical facelift to hit the market with updated technology that allows a pain-free experience unlike any other HIFU or results driven surgical and non-surgical options out there. It can be used for defining jawlines and creating contoured cheekbone definition, it can give an eye lift to reduce hooded eyes and can also be used to tighten those 'turkey necks' and much more!

The flexibility of our Medical CE certified system allows us to improve the skin at every layer in a single treatment and achieve incredible and genuine results, with the confidence and trust that treatments are carried out to the highest safety standards.

- *The non-surgical facelift*
- *Non-surgical skin tightening - skin lifting – eyebrow lift*
- *No more 'turkey neck'! • Wrinkle reduction*
- *Treat scars & Stretch Marks*
- *Double chin reduction • Jawline sculpting*
- *Reduce eye bags + much more...!*

Here at Figura we offer treatments that just keep on giving...!
