Hello and welcome to the March edition of Local Choice - and what a packed month it is!

We've got Mother's Day on the 26th, so make sure that you make your mum feel extra special on that day.

And, on the same day, the clocks going forward too, so we can all enjoy the extra hour of daylight in the evening, even if it means an hour less in bed that morning.

Would it be a lot to ask for some warm weather too? Please!!

Reclaimed Timber

Made in Britain. Made to Measure. Made for You.

Harris Tweed

Reclaimed Timber is essentially wood taken for re-use. Reclaimed furniture is popular for many reasons; the old timber's unique appearance, its eco-friendly stance and the curious story of its origins. It's also popular due to its stability over newly cut wood. Having been exposed to the elements for over 100 years in its previous installation, this timber becomes less reactive to radiant heat than other woods. Made to measure, our Reclaimed Timber is an affordable way to have the designer furniture you want, without the typical bespoke price tag. Talk to us in store.

GOLD & SILVER ROADSHOW

Jewellery and Coin Roadshow

A very lucky couple called at one of our recent roadshow events with a couple of old gold chains and a silver charm bracelet and a bag of old silver British coins. We paid them over £1600.00 just for the coins alone. They turned out to be pre 1947 silver coins that were normal currency a few years ago and are now highly collected. We asked them for their permission to pass on this story to help other people realise what they may be sitting on and they were only too pleased to allow us to let everyone know that they might be sitting on a goldmine and not even know it! Like most people, who can only dream of winning the pools or the lottery, a lot of normal households have a hidden treasure of old gold jewellery, silver jewellery, teapots, trophies, trays and old objets d'art. Why not get a free valuation from our expert at our roadshow at:

CROFTERS HOTEL, A6 CABUS, GARSTANG, PR3 1PH.

There is no queuing and our expert will give you a one on one appraisal of the value of your treasured possessions in a private area, where there are no prying eyes, watching the process evolve. If you like the valuation our expert will make you the same offer in cash which you can accept or decline at no cost to yourself. The whole process of valuation is free of charge and very private, so you have nothing to lose and a lot to gain.

WHAT DO YOU HAVE WAITING TO BE DISCOVERED

Many people are totally unaware of the value of unusual and old items that they own and are just hidden away in drawers around the house. Dealers are now paying record high prices for old jewellery and gold and silver objects and collectables. Most unusual gold and silver items are no longer fashionable but there are still collectors who we deal with that will pay record high prices for your old gold and silver jewellery, and items. Wristwatches and old fashioned pocket watches can surprise you with their values and you will be amazed by the amount that is currently being offered for such items. Get looking NOW in your old drawers, cupboards, and jewellery boxes. Look in the attic and the cellar, even old broken or squashed item of jewellery and silver are valuable and worth having appraised at these free roadshows. Bullion Investments & Acquisitions are having such a roadshow at CROFTERS HOTEL, A6 CABUS, GARSTANG, PR3 1PH. They will be offering a free valuation service and they will make you an instant CASH offer to buy your old jewellery, gold and silver or any old silver or coins that you may have.

Things that you should look for and bring to our roadshows are absolutley anything that looks like jewellery, whether it is yellow gold, silver or platinum. Any old British or foreign coins. Any old wrist watches or pocket watches. All chains, bracelets, rings and bangles broken or not and in any condition. If you think it is a diamond ring, bring it along and we will confirm it to be genuine. If you have an old trophy or tankard or any silver coloured items, let us value them for you.

COINS & MEDALS URGENTLY WANTED

Old war medals and old Masonic medals can be very valuable. You will be surprised to hear that we have paid THOUSANDS of pounds for certain war medals and even the General Service Medal group is worth bringing especially if you have the original box and letters to accompany them.

Also of great interest are old military uniforms, tunics, hats and any army, navy or RAF field gear.

There are rarely any queues at our events and we can normally attend to every caller within a few minutes. We will give you a free valuation which we back up with a cash offer, there and then. You can accept or decline our offer, so come along and see what we can offer for your old gold or silver jewellery, coins and collectables.

WANTED NOW

Krugerrand, Maples and Sovereigns are urgently wanted for top prices.

OF PARTICULAR INTEREST

Gold and Silver cigarete cases, Vesta Cases, thimbles, Candle sticks, trays and all things silver are needed.Pocket watches in gold and silver and all wristwatches by: Rolex, Cartier, Omega, Longine, IWC are particularly collected

MAKE YOUR NEIGHBOURS GREEN WITH ENVY

Just imagine a weed-free, maintenance-free garden lawn outside your home. It is not a pipe dream – it could be much easier to achieve than you think, writes *Phil Spencer*

Fed up with mowing, watering, weeding and – thanks to our national rainfall rate – mud?

More and more homes and businesses are looking for a viable alternative to their patchy, tired-looking lawns.

So, it's hardly surprising that EverLawn® artificial grass, which is virtually indistinguishable from natural grass without any of its drawbacks, is in ever increasing demand from home-owners, schools and businesses too.

Based here in Lancashire and suplying across the UK and abroad, EverLawn® is an attractive but virtually maintenance-free surface which puts problems such as excess rain, drought and even discoloured patches caused by pets firmly in the past.

Despite its hard wearing properties it retains an eye-catching appearance and has a soft dense surface which makes it ideal for sitting or playing on without the risk of grass stained clothing.

Children can play on it all year round without bringing mud or grass clippings indoors and it provides a safe, clean base for children's play areas and trampolines.

More attractive than paving or gravel, it is ideal for home-owners who love their garden but don't have the time to dedicate to it, or those who are beginning to find it too much to handle.

There is no limit to shape or size, so EverLawn® provides an ideal solution for those hard-to-mow areas or problem lawns which leave you in despair.

> ACHIEVING THAT PERFECT LAWN IS CLOSER THAN YOU THINK

Decking areas which become slippery when wet can be replaced or overlaid with EverLawn® as an attractive but far safer alternative.

It is also a great trouble-free surface around pools, static caravans or holiday homes where regular maintenance isn't always possible.

Just think, you could be away for several weeks and return to find your lawn looking as pristine as when you left, whatever the weather!

There is a variety to suit every purpose, including Platinum, the ultimate head-turning green lawn that every dedicated gardener dreams of, or Pearl which is made up of different tones to closely resemble natural UK grass.

Once down, EverLawn® looks like the perfect lawn without appearing artificial and has become Europe's leading brand. Guaranteed for 10 years and likely to last twice that time, EverLawn® can be fitted by the company, by the client's own landscape gardener or even by a competent DIY enthusiast.

Samples are available on request, so achieving that perfect lawn is closer than you think.

A DRIVEWAY *of* CLASS

A dream drive is closer than you think because at Resin Drives we will pay your VAT when you purchase either a Drive, Path, or Patio from our new and exclusive range.

Why should you install a Resin Drive?

That's simple; our product naturally drains water through it which means no puddles. Also, with a slip resistant surface it provides better traction for tyres and gives more grip for when you walk on it, making your drive a safe place to be!
