Hello and welcome to the September edition of Local Choice and it won't be long now before the kids go back to school and I can hear all you parents breathing a sigh of relief, after what must have been a six-month long Summer holiday. So, how about treating yourself to a little bit of me time, after the long Summer holidays? Why not have a relaxing visit to the beauty spa, or simply get together with a few friends and enjoy a special lunch out, or afternoon tea (with a glass of fizz, of course).

If you have kids starting school for the first time, you might be looking for work? In this issue you will find lots of businesses advertising for staff and volunteers.

And, dare I say it, Christmas is fast approaching, so make sure you get cracking on all the home improvements, maybe a new kitchen, bathroom, general renovations, or decorating work that needs doing around the home?

Kind regards, Mark Prada (Editor)

GOLD & SILVER ROADSHOW

FOR 1 DAY ONLY WEDNESDAY
22nd SEPTEMBER from 10.30 to 4.00pm

JEWELLERY AND COIN ROADSHOW

A very lucky couple called at one of our recent roadshow events with a couple of old gold chains and a silver charm bracelet and a bag of old silver British coins. We paid them over £1600.00 just for the coins alone. They turned out to be pre 1947 silver coins that were normal currency a few years ago and are now highly collected. We asked them for their permission to pass on this story to help other people realise what they may be sitting on and they were only too pleased to allow us to let everyone know that they might be sitting on a goldmine and not even know it! Like most people, who can only dream of winning the pools or the lottery, a lot of normal households have a hidden treasure of old gold jewellery, silver jewellery, teapots, trophies, trays and old objects d'art. Why not get a free valuation from our expert at our roadshow at: **CROFTERS HOTEL, A6 CABUS, GARSTANG, PR3 1PH.**

There is no queuing and our expert will give you a one on one appraisal of the value of your treasured possessions in a private area, where there are no prying eyes, watching the process evolve. If you like the valuation our expert will make you the same offer in cash which you can accept or decline at no cost to yourself. The whole process of valuation is free of charge and very private, so you have nothing to lose and a lot to gain.

WHAT DO YOU HAVE WAITING TO BE DISCOVERED

Many people are totally unaware of the value of unusual and old items that they own and are just hidden away in drawers around the house. Dealers are now paying record high prices for old jewellery, gold, silver objects and collectables. Most unusual gold and silver items are no longer fashionable but there are still collectors who we deal with that will pay record high prices for your old gold and silver jewellery, and items. Wristwatches and old fashioned pocket watches can surprise you with their values and you will be amazed by the amount that is currently being offered for such items. Get looking NOW in your old drawers, cupboards, and jewellery boxes.

Look in the attic and the cellar, even old broken or squashed item of jewellery and silver are valuable and worth having appraised at these free roadshows. Bullion Investments & Acquisitions are having such a roadshow at **CROFTERS HOTEL, A6 CABUS, GARSTANG, PR3 1PH.**

They will be offering a free valuation service and they will make you an instant CASH offer to buy your old jewellery, gold and silver or any old silver or coins that you may have.

Things that you should look for and bring to our roadshows are absolutely anything that looks like jewellery, whether it is yellow gold, silver or platinum. Any old British or foreign coins. Any old wrist watches or pocket watches. All chains, bracelets, rings and bangles broken or not and in any condition. If you think it is a diamond ring, bring it along and we will confirm it to be genuine. If you have an old trophy or tankard or any silver coloured items, let us value them for you.

WANTED NOW
Krugerrand, Maples and Sovereigns are urgently wanted for top prices.

COINS & MEDALS URGENTLY WANTED

Old war medals and old Masonic medals can be very valuable. You will be surprised to hear that we have paid THOUSANDS of pounds for certain war medals and even the General Service Medal group is worth bringing especially if you have the original box and letters to accompany them. Also of great interest are old military uniforms, tunics, hats and any army, navy or RAF field gear.

OF PARTICULAR INTEREST

Gold and silver cigarette cases, Vesta Cases, thimbles, Candle sticks, trays and all things silver are needed. Pocket watches in gold and silver and all wristwatches by: Rolex, Cartier, Omega, Longine, IWC are particularly collected.

There are rarely any queues at our events and we can normally attend to every caller within a few minutes. We will give you a free valuation which we back up with a cash offer, there and then. You can accept or decline our offer, so come along and see what we can offer for your old gold or silver jewellery, coins and collectable.

Cloudy2Clear, A Local Service With A Smile.

I think we can all agree that seeing the back of 2020 was a welcome event for each and every one of us, and we can now hopefully march into 2021 with renewed positivity and optimism. One thing is for sure though, there have also been some heart warming positives that we can take out of last year. It has often been said that we can only really get to know one another and realise what is truly important in times of crisis. I think few would argue that in this case what has proven to be important is local community spirit.

When talking to the Manager of Cloudy2Clear windows Roger Bonnick it became clear that these values have been held dear for a number of years. Since starting the business some years ago Cloudy2Clear have remained true to their core values of supporting the local community by providing a service that saves the public money.

The Cloudy2Clear service only requires the glass to be replaced and not the whole window once the unit has failed. Roger commented "Cloudy2Clear were able to assist our community through the last financial crisis in 2008 due to the savings that can be made in using our service. Unfortunately we might be going through something similar again soon and the public can rest assured that we will be there to help once again".

For a free quotation please call 0800 61 21 118 or visit www.cloudy2clear.com

Radio Frequency Microneedling

High-Intensity Focused Ultrasound

FOCUS DUAL

Unrivalled Results for Non-Surgical Skin Tightening & Face Lifting... A unique combination of two of the latest, clinically proven technologies for non-surgical skin lifting, firming and tightening of the face and body - Radiofrequency Microneedling (RFM) and High Intensity Focused Ultrasound (HIFU).

RF Micro-needling is the most talked about treatment of 2021 after Judy Murray shared her before and after photos publicly.

Radio Frequency is renowned for its skin tightening capabilities and Micro-Needling has unbelievable results for improving texture and rejuvenating the skin. RF Micro-Needling works on a number of skin concerns including skin tightening, acne scarring, scarring on the body, open pores, loose skin, stretchmarks, frown lines, fine lines and wrinkles, skin texture, crows feet and drooping brows to name but a few!

HIFU visibly tightens all skin laxity in all areas of the body it is used and results are noticed within weeks of treatment. This brand new device that was only launched in the UK in 2021 really is the latest non-surgical facelift to hit the market with updated technology that allows a pain-free experience unlike any other HIFU or results driven surgical and non-surgical options out there. It can be used for defining jawlines and creating contoured cheekbone definition, it can give an eye lift to reduce hooded eyes and can also be used to tighten those 'turkey necks' and much more!

The flexibility of our Medical CE certified system allows us to improve the skin at every layer in a single treatment and achieve incredible and genuine results, with the confidence and trust that treatments are carried out to the highest safety standards.

Here at Figura we offer treatments that just keep on giving...!

Time to dine at... THE FENWICK ARMS

LANCASTER ROAD, CLAUGHTON, LA2 9LA

WWW.FENWICKARMS.CO.UK

During this long difficult lockdown period, sadly my restaurant reviews came to a standstill!! But, now that things are open fully, I couldn't think of anywhere nicer to do my first one, than The Fenwick Arms at Claughton.

And, it's great to see that The Fenwick has re-opened with the same great ambience and delicious food.

Now under the watchful eye of the new manager Ben Kiddie and his team, the warm welcome was better than ever and the service exceptionally good.

As you would expect, the food choices on the menu were mouth-watering, with something for all tastes. From snacks to nibbles, pub classics to delicious dishes off the grill and lots of seafood and daily specials.

To start with I chose the razor clams with chorizo and tarragon, a dish you don't often see on restaurant menus, but I love them and simply couldn't resist. My friend Janie B went for the King Prawn soldiers, with a soy and citrus dipping sauce. The presentation of both these dishes was beautiful and the fish was very fresh and full of flavour.

To follow, we stuck with the fish dishes and I had the Malaysian Seafood Curry, served with coconut rice and lime pickle. The Fenwick has quite a penchant for producing some amazing Eastern fish curries and this one was just as good, if not better than any of the ones I've had previously. Janie couldn't resist the Katsu Cod, served in a peanut curry sauce, steamed Jasmine rice and pickled veg. This was a unique dish, with some delightful flavours, that really got the juices flowing in your tastebuds.

Our food was washed down with two exceptional wines from the extensive selection. I had a beautifully vibrant sauvignon of attractive green fruit aromas and a delicacy usually associated with more expensive wines, whilst Miss B had a rich smooth Australian Shiraz with red and blackberry aromas, dripping with juicy dark fruits and hints of black pepper.

Both mains were plentiful and would have tamed most appetites, so there was no chance of gorging ourselves on a dessert, which was such a shame, as we missed out on some eye-popping puddings!! We did well to resist the chocolate & caramel truffles, the raspberry & Ribble Gin trifle, and the dark chocolate fondant, served with salted caramel ice cream & honeycomb, amongst so many other tonsil teasers.

The restaurant was as busy as ever and that was no surprise, as The Fenwick never fails to deliver. Don't miss out on this little gem, hidden away in the beautiful Lune Valley.
